CAREY PARK PRIMARY SCHOOL AND CHILD & PARENT CENTRE CHATTER

CARE: CHALLENGE-ACHIEVE-RESPECT-ENCOURAGE

23 August 2022

P&C Meeting & Fathers Day Stall:

Our next P&C Meeting will be held this Friday at 2pm in the school Staff Room, where we will be discussing the up-coming Fathers Day Stall, as well as making arrangements for our Colour Fun Run in Term 4. Please come along to support this small, but dedicated group.

Our P&C will be conducting a Fathers Day Stall in Week 7 (next week), where a variety of quality yet affordable items will be available for our students to purchase for the significant male in their lives. Costs for items on sale range between $1.00 and $5.00 and will be available for the students to browse and buy on *Wednesday August 31st, Thursday September 1st and Friday September 2nd.* Additional information is available on the last page of this newsletter.

School Assembly:

Our next whole school assembly will be held this Friday (*August 26th*) and will be hosted by TA15. Please come along to support our students and help our award winners to celebrate their success.

2022 Kindergarten Enrolments:

Carey Park Primary School are still taking 2023 Kindy enrolments for children born between ***1 July 2018*** and ***30 June 2019.*** Enrolment packages can be picked up from Administration. We have approximately 19 enrolled students for Kindy for 2023, so the first group is almost full. As enrolments increase we will create a waiting list until we have enough students to make up another group. If you know of someone who may have a 2023 kindy-aged child, please let them know places are still open, but limited, so they will need to enrol their child as soon as they can. Alternatively, they may call the school on 9796 2900 for enquiries.

In Term Swimming Lessons:

For participating students in Pre Primary to Year 4, In-Term Swimming Lessons will commence on Monday of next week (*August 29th*) and run for two weeks at the South West Sports Centre. At the time of printing the newsletter we still have approximately 40 spaces available between the 2 groups to take additional children, so if you haven't yet enrolled your son/daughter in swimming lessons, please do so as soon as possible so as to secure your child's place to attend next week.

Supporting our School Canteen

Our school canteen has been well supported by many of our families over the years, however we are still seeing a number of children being provided with lunches on canteen days that have been purchased from fast food outlets. In light of this, I strongly encourage all families who wish to purchase their child's lunch on *Wednesdays, Thursdays or Fridays* to do so from our canteen. In this way you are providing your child with a more nutritious meal and are also supporting this vital school service.

Year 7 Secondary School Enrolments for 2023:

Newton Moore Senior High School have informed us that they are yet to receive all anticipated enrolments from our current Year 6 students. Out of 37 Year 6 students we still have in excess of 15 students whose families have indicated that they will be attending Newton Moore SHS next year, but have not handed in their enrolment forms to the school. Parents and carers are reminded that all schools were expected to submit their anticipated 2023 numbers to the Education Department by August 12th. After this date, decisions are made about course selections and electives, so if your child was not enrolled at a High School by then, it is possible that they may miss out on their preferred choices of subjects. If parents/carers have lost their enrolment forms for Newton Moore SHS, we do have spares available in the front office of our school.

Head Lice:

Head Lice have once again become a concern across the school, with a number of children needing to receive treatment. While head lice in the school environment is difficult to manage, there are steps that we can all take to reduce the spread, such as:

1. Please ensure that if your child has hair longer than shoulder length (girls and boys) that it is appropriately tied up when they come to school. Keeping children apart in the school environment is a difficult thing to do, however with hair tied up, the likelihood of transmission is reduced.
2. When treating head lice, please get appropriate advice from the local chemist regarding treatment options, and ensure that all linen, clothing, hats, hair ties, and other items that your child's hair may come in to contact with are appropriately cleaned/treated so as to eradicate the lice and eggs.

Phil Greenmount
Principal
