CARE: CHALLENGE-ACHIEVE-RESPECT-ENCOURAGE

6 June 2025 (Week 6)

P&C Free Dress Day & Sausage Sizzle Fundraiser:

Last Friday the school had a free dress day and a sausage sizzle lunch, organised by our school P&C. The event was a great success, with a healthy amount raised which goes to support important school resources. Many thanks goes to our wonderful parent volunteers, who worked hard to make the day such a great success.

2026 Kindergarten Enrolments:

We are now taking Kindergarten enrolments for children born between **1 July 2021 and 30 June 2022**. Please note that places are filling quickly, so if you haven't yet enrolled your kindy-aged child, please complete an application for enrolment as soon as you are able. Enrolment packages are available from the front office. If you know someone with a Kindy-aged child, please let them know. For more information, call us on **9796 2900**.

Student attendance to date:

Student attendance for the year so far sits at approximately **84% overall.** This means that on average our students are attending school 8.4 school days out of a possible 10 per fortnight. Year-level totals are as follows:

Kindy = 86%; **Pre-Primary** = 79%; **Year 1** = 84%; **Year 2** = 88%;

Year 3 = 80%; **Year 4** = 85%; **Year 5** = 84%; **Year 6** = 87%

Remember - each day missed means that a child is missing out on vital aspects of their education. While we understand that there is often a good reason for a child to be absent from school, it is important on all other occasions that parents/carers send their children to school where possible.

Voluntary Contributions & Prize Draw:

Our voluntary contributions for 2025 are:

- 1 child: $30
- 2 children: $50
- 3 children: $70
- 4+ children: $90

As an **incentive**, every child whose **Voluntary Contribution is paid by the end of Week 10, Term 2 (Friday, July 4)** will be entered into a prize draw to win one of several gift vouchers, generously donated by our School P&C.

Payments can be made at the front office or via direct deposit:
BSB: 066 507 **Account:** 0090 2924
Please use your child's surname as the reference.

Tips to prevent and treat head lice:

- If your child has hair that is longer than shoulder length, it is essential that it is tied up (boys and girls).
- Please check your child's hair regularly to see if there are any signs of live lice or eggs.
- If you discover either live lice or eggs, please do not send your child to school. Rather, keep them home and treat them according to Health Department Instructions.
- Keep your child home until all signs of lice and eggs are gone from your child's hair.
- After treatment, please ensure that all combs, brushes, clothing and bed linen is thoroughly washed to eradicate any remaining eggs or lice.

What's Happening Around Our School . . .

On Thursday 8 May 32 Year 6 students attended the ***Science and Engineering Challenge*** at Leschenault Leisure Centre.

The challenge is a day-long competition designed to provide Year 6 students with a positive experience of science and engineering.

Our students worked in teams of four to complete two half-day activities (one activity in the morning session, and a different one in the afternoon session).

Students are awarded points for each activity and the school with the most cumulative points at the end of the day is declared the winner.

Our students were outstanding on the day, all demonstrating our CARE values throughout the event.

Positive feedback was received from others about the exemplary behaviour of our students.

An exciting and tiring day, students left with a smile and a wonderful experience of science and engineering in action.

Congratulations to all involved in the success of the day.
