CAREY PARK PRIMARY SCHOOL AND CHILD & PARENT CENTRE CHATTER

CARE: CHALLENGE-ACHIEVE-RESPECT-ENCOURAGE

10 June 2026

P&C News:

Our P&C ran a Sausage Sizzle fundraiser on Friday June 5th to coincide with our Faction Cross-Country Events, raising a healthy amount of funds to help support our students. Thank you to all of the wonderful volunteers who turned up on the day to help out, and also to those who worked hard to get things organised before the day.

Our next P&C Meeting will be held this **Friday June 12th at 2:00pm** in the school library. All interested Parents and Carers are welcome to attend.

2027 Kindergarten Enrolments:

We are now taking Kindergarten enrolments for children born between **1 July 2022** and **30 June 2023**. Due to strong interest , places are filling quickly. Enrolment packages are available from the front office. If you know someone with a Kindy-aged child, please let them know. For more information, call us on **9796 2900**.

Respiratory Illnesses:

At the moment we have numerous students (and staff) who are absent due to having severe colds or even the Flu. To protect yourself and your children against getting sick, the WA Government is urging everyone to get a free flu vaccine. Everyone in WA over the age of six months, including those who do not have Medicare, are eligible to receive a free flu vaccine **until 30 June 2026**.

Parent/Teacher Meeting Bookings for Semester 1 Reports - Week 11:

All families will now have received an email through the **Compass App** containing an online link to our Parent/Teacher **Booking Page,** which enables Parents & Carers to make a 15-minute appointment with their child's classroom teacher during **Week 11** to discuss their Semester 1 Report, progress, strengths and next steps for learning.

These meetings are an important opportunity for families and teachers to work together to support each child's learning and development, ***and we strongly encourage all families to make a booking.***

Reporting meetings will take place on **Friday 3 July from approximately 8:30am until 3:15pm**, although times may vary slightly between individual teachers. In addition, some teachers may make alternative meeting times available during that week to support families who are unable to attend on Friday.

Tips to prevent and treat head lice:

- If your child has hair that is longer than shoulder length, it is essential that it is tied up (boys and girls).
- Please check your child's hair regularly to see if there are any signs of live lice or eggs.
- If you discover either live lice or eggs, please **do not** send your child to school. Rather, keep them home and treat them according to Health Department Instructions.
- Keep your child home until all signs of lice and eggs are gone from your child's hair.
- After treatment, please ensure that all combs, brushes, clothing and bed linen is thoroughly washed to eradicate any remaining eggs or lice.

Please note that, in accordance with school policy, any student found to have live head lice will be required to be collected from school by a parent or caregiver. This measure is necessary to protect the health and wellbeing of all students and staff and to help prevent the spread of head lice within the school community.

Protective Behaviours

For Parents & Carers

Help Keep Children Safe, Confident & Empowered

Join us for an engaging and practical workshop designed to help parents and carers support children in understanding personal safety, building resilience, and developing confidence.

Open to parents, carers, guardians and anyone suporting children's wellbeing.

What you'll learn:

- What protective behaviours are and why they matter
- How to teach children about feeling safe and unsafe
- Recognising early warning signs in children
- Practical strategies to build confidence and resilience
- How to create a trusted support network for your child
- Practical tools you can use immediately
